

## Criss Cross Crystals

-Submitted by Natalie West

### Supplies & Tools:

- 2 pieces .018 stringing wire @ 22" each
- 4 crimp tubes
- 4 crimp covers
- 1 Two-Strand slide clasp
- 32-3mm Bicones
- 64-4mm Bicones
- 17-6mm Bicones

### Directions:

- 1) Cross wires through a 6mm bicone leaving enough tail length to attach the clasp.
- 2) Pick up a 4mm, a 3mm and a 4mm bicone on each strand.
- 3) Cross the wires through another 6mm bicone.
- 4) Repeat steps 2-3 until desired length is achieved.
- 5) Crimp each end to the tube clasp and attach crimp covers.

**NOTE:** Makes a 7" bracelet.

**NOTE:** Works just as well with Chinese or Swarovski Crystals or Fire Polish.
